Contract Hire

Is Contract Hire right for my company?

With Contract Hire from Arval, your company will benefit from new vehicles without having to find the initial capital outlay to purchase them. In addition, you there's no need to worry about buying the vehicles or what they may be worth when selling them, as we will arrange this and take the risk on depreciation.

What are the benefits to my business?

Contract Hire can bring a range of benefits to your company:

New vehicles

Run new and reliable vehicles without spending large sums of working capital.

Competitive prices

In the UK alone, we buy more than 35,000 vehicles every year. Our strong relationships with manufacturers and our buying power means you will benefit from competitive monthly prices.

Flexible contract

Choose a contract length and mileage allowance that suits your business needs and budget.

Complete vehicle management

Leasing with Arval will give you access to a wide range of optional fleet management services. These include: Maintenance, Accident Management, Vehicle Rental, Insurance and Fleet Protect to help with your 'Duty of Care' requirements.

Fixed monthly payments

Know exactly what your monthly payments will be. This helps you budget and makes managing your cashflow much easier. Providing you return the vehicle within the terms of your contract, there will be no excess mileage or damage costs.

Low financial risk

Free yourself from the risk of loss of sale and the hassle of selling vehicles. We own the vehicles, so you simply return them to us and we will take care of the rest.

Consolidated invoicing

Monthly consolidated invoices simplify administration and save you time.

Freedom of choice

Choose from almost any make or model. All you have to do is decide which vehicles best match your company's requirements. We can also advise you on criteria such as CO₂ emissions and model ranges.

VAT efficient*

You can claim back up to the following amounts of VAT on your finance rental payment:

- 100% for any vehicle which is used for business use only
- 50% for cars used for business and private use.

In addition you can claim back 100% VAT on any maintenance charges for all your vehicles.

* providing your business is not VAT restricted

Take control today

Contract Hire brings you flexible fleet finance that's cost-effective, VAT efficient and free from the financial risks of purchasing. To discuss your specific fleet requirements, and how we can help you finance them, please call us today.
